TRACTION COMPANIES GIVE DUNNE SHOCK.
CHICAGO, Sept. 17.—[Exclusive Dispatch.] Seventy-three and a half million dollars in round numbers is the price asked of the city, today, by the Union Traction and Chicago City Railway Companies for their tangible and intangible property. This total does not include any of the lines of the Consolidated Traction system. The amount asked for the tangible property, which includes all unexpired franchise rights and purchase reservations, was \$24,157,268. Figures on the tangible property were submitted prior to the summer vacation and were \$20,103,936 for the city railway and \$23,944,472 for the Union Traction Company, exclusive of the Consolidated system.

Pomeroy, general traffic manager and Nathan Guilford, vice-president of the company, appeared in the United States Circuit Court today and pleaded not guilty to an indictment charging them with rebating in connection with the traffic of the American Sugar Refining Company's product. The trial was set for October 12.

CASE SHOWS GRAIN TRUST.
Interstate Commerce Commission After Combine Which Regulates Prices.
CHICAGO, Sept. 17.—[Exclusive Dispatch.] John H. Marble, special counsel for the Interstate Commerce Commission, today began an investigation to demonstrate the existence of a gigantic grain-buying trust which not only regulates the price of grain, but designates the markets for certain sections and States, fixes both selling and buying prices, and controls absolutely the movement of the country's crops. Whether this mammoth trust is directed by one big central combination or by a series of local combinations has not been established.

DAHLMAN'S ORIGINAL.

Making Unique War on Ice Trust.

Omaha Mayor Causes Three Drivers to Be Arrested as "Suspicious."

Wagon and Load Confiscated but Afterward Released to the Company.

Action Follows Fine Imposed on President Doe for "Short Weights."

OMAHA, (Neb.) Sept. 17.—[Exclusive Dispatch.] After repeated threats that if it should persist in refusing to deliver ice to householders who wanted and were willing to pay for it he would take steps to punish, Mayor Dahlman today inaugurated a unique war upon the ice trust of Omaha.

Acting under instructions from the Mayor, Detectives Mitchell and Shepard arrested Robert Evans, Otis H. Plummer and E. S. Coats, drivers in the employ of the trust, and at the same time confiscated the wagon on which they were working and its load of ice.

The three drivers were taken to the police station, where they were booked as "suspicious characters." They were later released on bond furnished by officers of the trust, and the ice wagon and its contents were turned over to the Omaha Ice and Cold Storage Company, which belongs to the trust.

DOE'S "SHORT WEIGHT."

Mayor Dahlman's war upon the trust is the direct outgrowth of the arrest, a short time ago, of John A. Doe, president of the Omaha Ice and Cold Storage Company, on a charge of giving short weights to customers. The complaint against Doe was filed by a

man, and on his testimony and that of others, Doe was fined \$25 and costs in the Police Court.

Ever since his arrest, Doe has refused to permit the drivers for his company to deliver ice at Eckerman's house, and drivers for all other ice companies have also been under instructions not to deliver ice there.

It is a notorious fact that all the ice companies are in a trust, and Mayor Dahlman has been threatening for more than a week to take drastic measures to compel the trust to deliver ice to Eckerman. He made his move today, and declares that he will take others, if necessary to accomplish his purpose.

CHIEF ESCAPES WEDDING PLOT.

"KIDNAPERS" FOILED BY BRIDE-GROOM'S DISAPPEARANCE.

Members of Force at Mitchellville, Iowa, Arrange to Make Way With Head of Des Moines's Police on His Marriage Day but Wily Official Secretes Himself on Outgoing Train.

DES MOINES, Sept. 17.—[Exclusive Dispatch.] Determined that he would not be kidnapped at his own wedding, Chief of Police J. W. Jones of this city slipped out of the house at Mitchellville last evening where he had been united by marriage to Miss Millie Seema, borrowed a complete outfit of woman's clothing and took a train for Omaha, while policemen who were his guests searched the town to see what had become of him.

The bride knew the programme and hugely enjoyed the discomfiture of the would-be kidnapers. The search was continued until nearly midnight, when a telegram was received from Chief Jones, then arrived at Omaha, requesting that his bride be forwarded by the next train.

The alleged kidnapers, disgusted at the way they had been outwitted, escorted the bride to the train, where she was able to join her husband in Omaha this morning for a honeymoon through the West.

DIVINE'S LETTERS CAUSE STIR.
Light May Be Thrown on Career of Girl Who Died at Des Moines After Operation.

DES MOINES, Sept. 17.—[Exclusive Dispatch.] Another chapter was added to the sensational case of Irene Hydenburgh, the beautiful telephone girl who died here last week as the result of a criminal operation and for complicity in which H. B. Dickinson, a prominent insurance man, is under arrest charged with murder in the second degree.

Many letters were made public today by Miss Hydenburgh's friends, signed by Rev. E. T. Coyle, a Congregational minister, who took a remarkable interest in the girl, and maintained a voluminous correspondence on a few weeks' acquaintance.

The Des Moines police are looking for Rev. Mr. Coyle to explain his sudden disappearance just before the Hydenburgh inquest took place. Coyle's letters were anonymous and the church people of the city are greatly scandalized.

DESPISES GILDED YOUTHS.

Eleanora Sears of Boston Says the Young Swells of Newport Are "Sissies" of "No Use."

BOSTON, Sept. 17.—[Exclusive Dispatch.] Eleanora Sears, daughter of a Boston millionaire, and who is reported engaged to Harold Vanderbilt, attacks the gilded youth and young swells of Newport society, calling them "sissies" and declaring she has "no use" for them. Miss Sears, who is a daring swimmer, and expert in tennis, golf, riding, driving, autoing, and nearly all branches of sports, is emphatic in her declarations regarding them.

Yet Newport does not want serious men, nor yet one of strenuously athletic type. It does not want to be bored by them, but prefers the Harry Lehr type, capable of amusing it.

Betsy, the famous whip and ex-racing master, in his attempts to gain social favor, followed lines similar to Lehr, with such rapid success that he married Mrs. Burke Roche, and it is said that her father's objections were overcome to such an extent that the couple will occupy Elm Court for the rest of the season.

On the other hand, a Havana dispatch is printed which says that, at a meeting of rebel leaders held in the town hall of Bejucal today, it was decided, after a number of violent speeches had been delivered, not to accept the peace propositions of the government.

PROTECTION FOR BRITISH.

In the State Department, It Is Said There Has Been an Inquiry by the British Government as to Whether, in the Case of American Intervention, Equal Protection Will Be Given to English Property Holders with Americans "in the American Zone."

It is understood that the State Department has given an affirmative answer to this question.

Authorities in the War Department, who have been looking into the matter of legal precedents in the present situation in Cuba, declare that nothing more than an executive order is required. They go back to 1792, when the President's power to quell an insurrection was first defined.

Three years later it was again defined, while the President was short of the power to put down a rebellion by executive order, his right in the matter of insurrection remained.

The treaty of New Granada of 1846 gave the President the right to land troops in Colombia for the restoration of order, and it is held by these authorities that the treaty with Cuba gives the President the same right to act in Cuba.

FEAR OF HAVANA'S FALL.
The fear that Havana would fall and be pillaged by the Cuban revolutionists was responsible for the United States' naval movements which began September 8, and have now reached the point where twelve warships will be able, by Thursday, to land 5000 men in Cuba.

The truce proclaimed in Cuba yesterday is regarded as showing that the danger for Havana has passed.

NO FURTHER ORDERS.
For the present, it is announced in the Navy Department that no further orders will be issued for warships to proceed to Cuba. Should necessity arise for the protection of American interests beyond the limits of the force now in and about Cuban waters, the navy can send Rear-Admiral Evans' Atlantic battleship squadron south on short notice.

Secretary Bonaparte returned to the Navy Department this afternoon, and relieved from double duty Rear-Admiral Converse, chief of the Bureau of Navigation, who has been acting Secretary of the Navy, and closely directed through Capt. Colwell of the Denver.

He offered to simplify the situation by offering his resignation. The Liberals never desired permanent intervention by the United States, but were forced by oppression to take the stand they did.

TAFT AND BACON ON THEIR WAY.

TRAIN PASSES JACKSONVILLE, FOUR HOURS LATE.

On Arrival in Havana They Will Go to Minister Morgan's Home, as an Ideal Place for Hearings—Will Not Become Identified With the Faction.

JACKSONVILLE, (Fla.) Sept. 17.—Secretary of War Taft and Acting Assistant Secretary of State Bacon probably will not reach Havana before noon Wednesday. The train bearing the Washington party to Port Tampa passed through here four hours late.

Upon reaching Havana, Secretaries Taft and Bacon will be taken by United States Minister Morgan to his home at Mariano, a suburban resort on the shore, about two miles from Havana.

A small detachment of the Legion guard will be sent to Mariano from the cruiser Denver. It is believed by Secretary Taft that the party will thereby enjoy greater freedom in their work.

Insurgents Meet Palma's Order for a Suspension of Hostilities.

Violent Speeches Delivered in a Meeting of Rebel Leaders at Bejucal, but Official Advice to the Cuban Legation Say Hostilities Have Entirely Ceased—No Further Order for Warships to Cuba.

WASHINGTON, Sept. 17.—[Exclusive Dispatch.] Official advice received at the Cuban Legation this evening, from Havana say: "Hostilities have entirely ceased. Peace is at hand."

This is interpreted here as meaning that the insurgents have met the Palma administration half way, and that the Taft commission's work will be in arranging the terms of a permanent peace.

ONE DAY OF GRACE.

Earle Presses on Millionaire.

Real Estate Trust Company's Receiver Demands \$278,000 Or an Explanation.

Joseph R. Wainwright Gave Note for Big Sum and It Disappeared.

Theory Suggested That Loan Was Really Made to Late President Hipple.

PHILADELPHIA, Sept. 17.—[Exclusive Dispatch.] One day's grace was given to Joseph R. Wainwright today for the payment of \$278,000, or such explanation by him of the transaction as will convince George H. Earle, Jr., receiver of the company, and Dist. Atty. Bell that the payment should not be made.

Former Dist. Atty. George S. Graham, who has just been retained as counsel for the retired capitalist, and Thomas B. Harned, who has been his attorney for years, obtained the delay at a long conference with Bell and Earle, yesterday afternoon.

"We will make known to the receiver tomorrow," said Graham, "what our answer will be. I have not had time to familiarize myself with the details of the transaction. I have no hesitancy in saying that I will advise Mr. Wainwright to do the fair thing."

HARNED MORE WORRIED.
Harned was more worried and less communicative. He went with the District Attorney to the latter's private office after the conference, and

WAINWRIGHT GAVE NOTE.
The apparent indebtedness of Wainwright to the company arises from one note for \$250,000 and a check issued to him of \$50,000. The note has disappeared from the bank's records, but a check for \$250,000 to Wainwright's order and with his name written upon its back has been found.

There is a theory that the Wainwright note was made to cover a loan which really was made to Frank K. Hipple, the suicide president of the Real Estate Trust Company, and Adolf Segal, the financier, who has been arrested on a charge of conspiring with Hipple and with some of the bank's officers to take money illegally from its vaults. Under this theory, the check for \$50,000 represents a bonus which was exacted by Wainwright for the use of his name in raising the \$250,000.

Some of Wainwright's friends believe that an effort has been made to compel him to make good the whole amount because of his supposed share in getting the money.

All day the flood of assents to the Earle reorganization plan rolled into the bank. When the doors were closed for the day, a total of almost \$4,000,000 of deposits was represented.

PEOPLE MAROONED ON RAILWAY TRACK.

Wall of Water Rolls Down the Bed of Little Lincoln Creek and St. Paul Train Is Surrounded—Heavy Losses of Property.

(BY DIRECT WIRE TO THE TIMES.)

WINNIPEG, Sept. 17.—[Exclusive Dispatch.] Ninety-six people, who left Sioux City at 10:30 o'clock on the Norfolk train for Chicago, St. Paul, Minneapolis and Omaha, are tonight marooned on an island in a sea of water near here. On this spot, the train containing men, women and children, has stood ever since Saturday night, while a wall of water five feet deep was running on either side of the train, and every effort made by F. E. Nichols, division superintendent, to rescue the people was futile.

Four of the passengers were taken out on carriages drawn by four-horse teams, but it was so dangerous that they would not go. Nichols said he hoped the water would recede enough to enable hand-cars to reach near enough to the train, so that the women can be carried through the water, and the men can wade out.

LIVE-STOCK TRAIN MAROONED. A train of live stock is similarly marooned on the Bloomfield line on the same road, without food and water, and if they cannot be reached soon, the whole trainload may die.

ROADBED CARRIED AWAY. The engineer discovered that the roadbed and track had been carried away ahead of them. There was nothing to do but wait for help. The train kept on falling in a torrent till the total rainfall, as officially noted afterward, reached 2.5 inches.

All of Saturday night and all of Sunday morning, the train was converted into a houseboat. Men came in boats from Winslow with food.

TROUBLES OF WHITCOMBS. The marital troubles of Eva V. Whitcomb and Charles S. Whitcomb, the wealthy coffee merchant, were renewed today when Mrs. Whitcomb asked the court's permission to take her two children to California. Mrs. Whitcomb is a native of St. Paul, Minn., and her husband is a native of St. Paul, Minn.

TELLER TELLS ON STENSLAND. THE BANKER USED TO VISIT A BAKER'S PRETTY WIFE.

Hagbarth Gregersen relates that Philip Votava of Irving Park drew down fifteen hundred dollars "balm" on the spot and a monthly allowance.

CHICAGO, Sept. 17.—[Exclusive Dispatch.] The names of Mrs. Philip Votava and Mrs. Frank R. Crane were today brought into the tangled affairs of Paul O. Stensland and the ruined Milwaukee Avenue State Bank. A few days before his guilt was detected, Gregersen, exchange teller of the bank, was a close friend of Votava's, a pious church member, while Votava was a woman not his wife, told with indignation and a wealth of detail how Paul O. Stensland, his employer, broke up the home of Philip Votava, an Irving Park baker, and how Stensland was forced to pay the baker \$1500 in bail and a monthly allowance of \$100 for many months before the outraged husband was appeased.

In telling of his employer's shortcomings, Gregersen said that he lived half way between Stensland's home and Votava's home, and used to see Stensland pass his home on his way to visit Votava's spouse.

"I was horrified," he declared, "and we neighbors used to watch with indignation the unscrupulous banker's visits to Votava's home, where he made love to the unsuspecting baker's pretty wife. We respectable residents felt that something should be done to punish the wicked banker."

Whitcomb gained notoriety last fall, when she sent Judge Mack a bunch of American Beauty roses, after he had given a ruling favorable to her in alimony proceedings. At that time, the husband asserted that his wife was a follower of Dr. Ottomian Zar-Adust Hanish and an admirer of the "peculiar" writings of Dr. Alice Stockman; that she was enamored of a man named Ole Stensland, and later sought to go to California to join a man of the name of Caucher.

ROUND WORLD ON STILTS. Albert N. Roughton and Herman Dignon returned today from what they declare to have been a 37,000-mile trip around the world on stilts to win a wager. The started from Chicago February 18, 1902, and "stilted" through Asia, Australia, Africa and Europe, retracing six months ahead of their schedule.

RELIGION IN CANAL ZONE. (BY DIRECT WIRE TO THE TIMES.) ST. LOUIS, Sept. 17.—[Exclusive Dispatch.] That officials of the Panama Canal zone are doing all in their power to hamper religious effort in the isthmus was charged today by Rev. Hazlett, speaking before a body of Presbyterian ministers. He declares the officials have placed every obstacle possible in the way of church workers and blames in particular for the alleged condition of affairs W. G. Bied, head of the government railroad.

IN REV. SIMMONS' PLACE. (BY DIRECT WIRE TO THE TIMES.) PEORIA (Ill.) Sept. 17.—[Exclusive Dispatch.] Rev. W. H. Gelstweit of the Memorial Baptist Church, Chicago, has accepted the pastorate of the First Baptist Church made vacant by the suicide of Rev. George H. Simmons, the banker-preacher, who killed himself when charged with financial irregularities and immorality.

LEADING LADY'S LORD. (BY DIRECT WIRE TO THE TIMES.) MILWAUKEE (Wis.) Sept. 17.—[Exclusive Dispatch.] Word has been received here of the marriage of Miss Florence Chambers, leading lady with the Maud and the Mummy company, to Frederick Bosson, the millionaire vice-president of the Calumet and Hecla Mining Company.

WOOL GROWERS TO CONVEGE. Important Meetings of Westerners Will Be Held in Albuquerque During the Week. (BY DIRECT WIRE TO THE TIMES.) ALBUQUERQUE (N. M.) Sept. 17.—[Exclusive Dispatch.] A convention of sheep and wool growers of New Mexico, called by Gov. H. J. Hagerman for the organization of a sheep and wool growers' association, will convene in Albuquerque tomorrow morning for a four days' session.

Winnipeg Building Tied Up. WINNIPEG, (Man.) Sept. 17.—Building operations in Winnipeg are tied up today as practically all the other men engaged in construction are on strike in sympathy with the plumbers.

RELIGIONISTS FIGHT.

Mormon Elders and Zionists Engage in Fisticuffs on Chicago's North Shore.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 17.—[Exclusive Dispatch.] In a clash between Mormon elders and Zionists at Zion City a general riot was stopped only by the arrival of a score of guards. A crowd of 200 people, who were surrounding the stand on the main street of the north shore town from which Mormons were speaking, became involved in an altercation.

Ex-Deacon Schumaker of Zion Church and Elders Christensen and Elliott of the Mormon Church were injured. The trouble started when Schumaker made a verbal attack upon the Mormons. This was resented by the Mormons, and Elders Christensen of Rock Island and Elliott of Chicago replied.

Then Schumaker struck Christensen. Elliott came to the relief of his brother Mormon and the fight became general. Sixteen Mormon elders who are conducting the crusade for converts charged the crowd of Zionites. They beat back the crowd which was reinforced by other citizens.

FOUR DRAWN OUT. Four of the passengers were taken out on carriages drawn by four-horse teams, but it was so dangerous that they would not go.

Nichols said he hoped the water would recede enough to enable hand-cars to reach near enough to the train, so that the women can be carried through the water, and the men can wade out.

LIVE-STOCK TRAIN MAROONED. A train of live stock is similarly marooned on the Bloomfield line on the same road, without food and water, and if they cannot be reached soon, the whole trainload may die.

ROADBED CARRIED AWAY. The engineer discovered that the roadbed and track had been carried away ahead of them. There was nothing to do but wait for help.

The train kept on falling in a torrent till the total rainfall, as officially noted afterward, reached 2.5 inches.

All of Saturday night and all of Sunday morning, the train was converted into a houseboat. Men came in boats from Winslow with food.

MAKES STUDY OF OIL WELLS.

GOVERNMENT INVESTIGATES CALIFORNIA SPOUTERS.

Ralph Arnold is to make Geological Map of Producers at Summerland and Then Will Move to the Santa Maria Field—Further Time Will Be Spent at End of Coast Ranges.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Sept. 17.—[Exclusive Dispatch.] Ralph Arnold of the United States Geological Survey, is investigating the oil fields of Southern California. After making a geological map of the immediate region of the oil wells at Summerland, Santa Barbara county, he will study the Santa Maria field.

If time permits after finishing the work in the Summerland and Santa Maria fields he will make reconnaissance across the southern end of the Coast ranges from the vicinity of Saugus and Ventura and Santa Barbara into the southern end of the San Joaquin Valley.

HORSES IN DEMAND. DR. DAINE STILL BUYING. NEW ORLEANS, Sept. 17.—[Exclusive Dispatch.] "Ship horses," ship horses," such are the orders from

Cuba to Dr. Honore F. Laine, the representative of the Cuban government in this country, who is authorized to make purchases of live stock. Dr. Laine arrived here last night on the St. Louis, and the only message he received was to ship horses. He has been buying in Georgia and Texas. Dr. Laine says that he will ship from here by the next steamer, and Havana, 500 horses, and will ship 500 every week for the next four weeks.

These horses come from Texas, Indiana Territory, Kansas and Missouri. Dr. Laine has already arranged for the shipment of about 3000 head of live stock. He expects to leave here today for St. Louis.

MIDDIES' EXAMS. WAIT. DATE IS POSTPONED. (BY THE ASSOCIATED PRESS—A.M.) WASHINGTON, Sept. 17.—The Navy Department has decided to change the date for the examination of the midshipmen graduates of the Naval Academy class of 1906 from November 1 to November 15.

This change is made on the recommendation of Rear-Admiral Evans, who states that there are a number of these midshipmen on duty on ships of the Atlantic fleet as watch and division officers, and it would be of great benefit to make the dates as late as possible, so as to allow them to bring up their respective commands to the highest state of efficiency as possible before they are detached from duty for examination for promotion to the grade of ensign.

Instructions have been sent to the Pacific and Asiatic stations to hold their examinations on November 15, the date of the new destination, and to have a simultaneous date for the event.</

POLITICAL. JOINT STATE CONVENTION.

Delegates at Phoenix Indorse
President and Labor.

Charles F. Ainsworth Given
Congress Nomination.

Stewart Declines to Run.
New York Struggle.

(BY THE ASSOCIATED PRESS.—P.M.)
PHOENIX (Ariz.) Sept. 17.—The
Territorial Joint Statehood Convention
held here today nominated Charles F.
Ainsworth of Phoenix as candidate
for Delegate to Congress. The plat-
form indorses the President and invites
labor votes.

It was a mass meeting rather than
a convention, for no county organiza-
tions exist, and the chairman was T.
F. Wilson, who, as president of the
Joint Statehood League, called the
convention and fixed the appoint-
ment of each county.

The league then exerted itself to find
sufficient "jointists" either to attend
or send proxies to make up the con-
vention quota. Forty-three delegates
attended in person, of whom twenty-
five reside in this (Maricopa) county.
Cochise county is entitled to twenty-
three delegates, but is represented
only by four proxies. Yuma and Santa
Cruz county delegates were composed
of men comprising contrasting dele-
gations in the late Republican Territorial
convention in El Paso, who were denied
seats in that convention.

BRYAN AT RALEIGH.
DISCUSSES THE PRESIDENT.
(BY THE ASSOCIATED PRESS.—A.M.)
RALEIGH (N. C.) Sept. 17.—William
J. Bryan arrived here today and made
the first of eleven speeches scheduled
for this date. A large crowd heard
him.

On the question of Democratic plank
advocated by the Republicans, Bryan
said that whenever a Republican
speaks of anything with praise and
rejoicing he is speaking of something
done in accordance with Democratic
doctrine. Everything the Republicans
say on the tariff, he added, is in
the way of apology.

Bryan said that two years ago
Gov. Black, in nominating the Presi-
dent, delivered an eulogy on war, say-
ing the country needed a man of
"blood and iron."

"At the St. Louis convention," said
Bryan, "I quoted this and said it was
a challenge to Christian civilization.
Now, it is not strange that within two
years the man who was then called the
god of war had won his greatest vic-
tory and laid the foundation for his
greatest glory as a maker of peace
between Russia and Japan."

Coming to the question of trusts,
Bryan said that "you don't enjoin
horse thieves, but put them in the
penitentiary. We say treat the rich
and poor alike. Talk about anarchy—
the Republican party has made more
anarchists in this country by dis-
criminating in the punishment of the
rich and the poor than ever was
made by all the anarchists put to-
gether."

When the Bryan special stopped in
Durham it was raining, so the speak-
ing took place in the open: which was
crowded to the utmost
limit. Here, in the house of the Amer-
ican Tobacco Company, Mr. Bryan
made some of his sharpest thrusts at
the trusts, and his remarks were
cheered heartily. Soon after the rain
left Durham C. D. Melvor, president
of the State Normal College at
Greensboro, director of the Bryan tour,
regarding Dr. Melvor as his personal
friend, declined to speak at Hillsboro
and at Burlington, where the tragic
occurrence and paid a tender tribute to
the memory of his departed friend.

NEW YORK PRIMARIES.
"CONTROL THE ISSUE."
(BY THE ASSOCIATED PRESS.—P.M.)
NEW YORK, Sept. 17.—Primaries
will be held tomorrow in eighty-five
of the 150 Assembly districts of the
State. Those include New York,
Kings, Queens and Richmond coun-
ties. No primary contest in New
York in years has aroused greater in-
terest, for upon the issue is expected
to depend not only the control of the
Republican and Democratic organiza-
tions in New York and Brooklyn, but
probably the control of the Republi-
can and Democratic parties in the
State to be held respectively at Saratoga
and Buffalo, September 23.

"CART-TAIL SPEECHES."
NEW YORK, Sept. 17.—[Exclusive
Dispatch.] With both sides predict-
ing victory and laying small wagers
on the result, the Democratic primary
campaign closed tonight. Final ap-
peals were made by the McCallan op-
ponents to "oust Boss Murphy," and
voters were urged by the Murphy
orators to "stick to the organization."
There were more than 150 cart-tail
speeches delivered in Harlem and the
Bronx, and more than a score of per-
sonal encounters, some of which called
for police interference. It is con-
fidently expected that all records
for rioting and disorder at the polls
will be broken tomorrow.

Charles F. Murphy today intimated
that he will not insist on the rule
in the Buffalo convention if any Tam-
many delegates object to it. It has al-
ways prevailed in the past.

Asked about candidates, he said:
"Harriet sentiment still seems very
strong among Tammany men, but Sul-
zer is growing. He is second now."
"Little Tim" Sullivan was asked
about candidates, and said: "When the
smoke clears away you will find every-
one for Sulzer. He is the logical can-
didate. The Sullivan will be for him

NEW HAMPSHIRE CAMPAIGN.
CHURCHILL'S RUN REMARKABLE.
(BY DIRECT WIRE TO THE TIMES.)
CONCORD (N. H.) Sept. 17.—[Ex-
clusive Dispatch.] Never in the history
of the Republican party in New Ham-
shire have its leaders faced such a
situation upon the eve of a State con-
vention as is the case tonight.

There are five candidates for the
nomination for Governor. One is a
dark horse, and the 808 delegates to
the convention are believed to be quite
evenly distributed among the other
four.

Of these four, two, Charles H. Green-
leaf of Concord, and Charles M.
Floyd, of Manchester, are candidates
of different sections of the long-es-
tablished Republican machine, United
States Senator Jacob H. Olinier man-
aging the Greenleaf campaign, and
Henry M. Putney, State Railroad Com-
missioner, that of Floyd.

Against these regular candidates
there early came into the field a re-
former in the person of Rosecrans W.
Pittsford of Londonderry. But his
reform did not deal with the Boston
and Maine Railroad, which many per-
sons thought needed reforming more

than anything else. So, inspired by
former United States Senator William
F. Chandler and headed by Bishop
Niles, Judge James W. Remick, Prof.
James B. Colby, and others, organized
the Lincoln Republican Club of New
Hampshire and invited Winston
Churchill of Cornish, the novelist, to
be their candidate for Governor. He
accepted without hesitation, and in
the few weeks that have intervened
has made a really wonderful campaign.

STORM OVER HEARST TICKET.
COMPLAINTS OF BAD FAITH.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Sept. 17.—[Exclusive
Dispatch.] A storm which threatens
to wreck the Hearst insurgents' mu-
sic-hall-courtside parade today, when
the candidates chosen by a committee
of lawyers, headed by William Ritchie,
learned that it was the intention to
put their names on the official ballot
as nominees of the Independence
League.

The local Hearst movement is styled
by political wits as a "Chicago
tail to the New York kite," and that
party orators are preparing to de-
mand from the platform an explanation
of how Hearst can pose as a foe
of the bosses in Illinois, and at the
same time become a beneficiary of the
alliance with Boss Murphy of Tam-
many.

CORRUPTION IN POLITICS.
BRYAN ELABORATES VIEWS.
(BY THE ASSOCIATED PRESS.—P.M.)
JACKSON (Miss.) Sept. 17.—In a
letter to Gov. Vardaman, W. J.
Bryan declares that the main thing
which led him to believe in the gov-
ernment ownership of railroads was
the corruption in politics brought on
by private ownership.

"You are right in saying I prefer
private ownership. If I thought private
ownership consistent with our pol-
itics, and I believe that you and
other Democrats will be brought re-
luctantly to the same position. As for
the party, it can only act when the
voters are ready to act, and it is im-
possible at this time to say how far
public opinion will support this sug-
gestion I have made."

The letter was relative to a state-
ment given out by Gov. Vardaman,
in which he stated he would prefer
private ownership of railroads, with
governmental supervision.

SENSATION IN COLORADO.
STEWART DECLINES TO RUN.
(BY DIRECT WIRE TO THE TIMES.)
DENVER (Colo.) Sept. 17.—[Ex-
clusive Dispatch.] Philip B. Stewart,
Republican nominee for Governor of
Colorado, tonight made public a de-
claration to remain on the Republican
ticket because of a "later act of the
convention" was then called the
god of war had won his greatest vic-
tory and laid the foundation for his
greatest glory as a maker of peace
between Russia and Japan."

When first elected, Gabbert professed
to be a Democrat. The Democratic
party has repudiated him. He says he
will remain on the ticket as a result
of the action of other nominees. Stewart
considers him too much "dead
weight," and not a Republican. His
"King's best prerogatives" also of-
fend.

WANTS BAILEY "READ OUT."
SULLIVAN GIVES BRYAN POSER.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Sept. 17.—[Exclusive
Dispatch.] Bryan would have National
Committeeman Sullivan read out of
the Democratic party for his con-
nection with the Ogden Gas Corporation
of Chicago. Roger C. Sullivan would
have United States Senator Bailey of
Illinois read out of the party for his
connection with Standard Oil.

"I don't believe in making fish
of one and fowl of another," said Sul-
livan last night after he had given
evidence at the trial of the Grute-
Pierce suit in St. Louis that Bailey
acted as agent for the octopus in
Texas.

"If Bryan wants to depose me be-
cause I am connected with a gas com-
pany that has no comparison in mas-
situde with Standard Oil, then it is
only fair that Senator Bailey, the
leader of the Democratic party in
Washington, should suffer the same
fate."

POLITICAL BRIEFS.
Declares Against Fusion.
SYRACUSE (N. Y.) Sept. 17.—An
address to the Democrats of the State
has been issued by the committee ap-
pointed by the recently-held Albany
convention. The address
declares strongly against fusion.

Shaw in Missouri.
HANNIBAL (Mo.) Sept. 17.—Leslie
M. Shaw, Secretary of the Na-
tional Republican campaign in
Missouri, arrived here today, formally
opened the Republican campaign in
this State, and will now dwell at
length upon the tariff question.

WASHINGTON BRIEFS.
Gen. Stiffen Assumes Duties.
WASHINGTON, Sept. 17.—Gen. Cul-
ver Stiffen, who was last week ap-
pointed paymaster-general of the
army, assumed the duties of that of-
fice today.

Imported Merchandise Withdrawals.
WASHINGTON, Sept. 17.—The Sec-
retary of the Treasury has materially
reduced the existing regulations as to
the withdrawal of imported merchan-
dise from customs warehouses. Under
the new regulations, importers may
transfer the right of withdrawal
by leaving blank the place for the
name of the transfer, and so enable
the holder, if he so desires, to read-
ily borrow money on the goods. Un-
der the old regulations, the merchan-
dise must have been withdrawn,
either by the importer or by his
immediate transferee, named in the
withdrawal.

Reuben Clark Gets Appointment.
WASHINGTON, Sept. 17.—J. Reuben
Clark of Utah has been appointed as-
sistant solicitor of the Department of
State, succeeding Frederick Van Dusen
of New York, who retires on account
of ill-health.

New Hampshire Republicans Anxious.
CONCORD (N. H.) Sept. 17.—The
day before the Republican State con-
vention found members of the party
in a state of anxious uncertainty as to
the outcome of the five-cornered con-
test for the gubernatorial nomination,
which for months has been the
state in one of the most intense cam-
paigns in its history. Winston
Churchill, the novelist, is one of the
five candidates for the nomination.

PAINFUL FALL FROM CAR.
Samuel Mack of No. 1473 Central
avenue, attempted to leave an auto-
mobile bound Vernon-avenue car at Four-
teenth street and Central avenue last
night about 10:30 o'clock, while it was
in motion, and was hurled to the
pavement. Mack sustained terrible
bruises on his back and lacerations of
the face and scalp. He was sent to the
Receiving Hospital and later re-
moved to his home.

LABOR. PRINTERS MAY IGNORE UNION.

Public Shop Gives Hard Slap
to the Bosses.

Stillings Declares Employees
Need not Pay Dues.

Many Members Expelled for
Following Printers.

(BY THE ASSOCIATED PRESS.—P.M.)
BOSTON, Sept. 17.—[Exclu-
sive Dispatch.] The final limit
to unions' absurd demands
comes from Boston. Union-
made gold-leaf is demanded on
the State house dome, which is to
be regilded this week, and a
delegation of Aldermen has
been appointed to wait upon
the Governor and express the
wishes of organized labor. As
the gold beaters here are on
strike, it is not easily seen how
union-made gold leaf can be
used if the job is done at once,
as it must be.

**WASHINGTON, Sept. 17.—[Exclu-
sive Dispatch.]** Public Printer Charles
A. Stillings has issued a great
statement in the big Government Printing
Office by informing the employees that
they did not have to pay dues to any
labor organization and that they would
not be required to belong to any or-
ganization in order to hold their posi-
tions in the big shop.

As a result of this about sixty men
employed in the government Printing
Office have been expelled from mem-
bership in the Columbia typographic
union of Washington. The meeting
was largely attended and there was
great excitement. The labor unions
decline to talk about the affair, but
President F. C. Parsons gave out a
statement in which he said that the
action of the union, which was almost
unanimous, was occasioned by the fail-
ure of the men to pay either their
union dues or an assessment of 10 per
cent of their salaries for a main-
tenance fund to support the eight-hour
movement which was inaugurated by
the International Typographical Union
some time since. Parsons has met
with much opposition in some quarters.

STILLINGS RESPONSIBLE.
Parsons made it clear that the ac-
tion of the delinquents was caused pri-
marily by the attitude of the public
printer in informing the employees of
the office that they did not have to
pay dues to any labor organization,
and that they were not to be re-
quired to belong to any organization in
order to hold their positions.

Stillings' decision in the Miller case,
which created considerable stir among
the printers some time ago. The action
of the union in expelling the delin-
quent members has created dissension
among members of the craft. There
is a feeling that the government Print-
ing Office more than ever an open shop,
and that men who are not members of
the union are being treated as out-
casts. It is believed he is damaged.
He handled no money, and had no
reason to disappear.

CHAVES GIVES FAMILY JEWELS.
DENVER (Colo.) Sept. 17.—[Exclu-
sive Dispatch.] José Chaves and Miss
Ella May Berger were married this
afternoon by Rev. C. Irving Mills, a
lifelong friend. The groom gave his
bride jewelry of the Chaves fam-
ily, noted in Spain, worth \$100,000.
His father died a year ago in New
Mexico, leaving him \$2,000,000.

CLOSED ASTOR PLAYHOUSE.
NEW YORK, Sept. 17.—After an
audience that filled the Astor, New
York's new playhouse, to its full
capacity had waited forty-five
minutes for the curtain to rise on the
opening performance tonight, a rep-
resentative of the managers announced
that the fire department had forbid-
den the opening of the house. The
disappointed spectators, who had ac-
cepted the situation good-naturedly, were
explained that the owners and build-
ers had unintentionally violated a
minor rule of the fire department in
the matter of fire-fighting equipment
of the stage. Following the dismissal
of the audience, it was learned that
the order closing the theater was given
by Battalion Chief W. T. Beggin, head
of the fire-department bureau of auxil-
iary fire appliances, on the ground
that the owners had not provided a
sufficiently large pump for the fire
apparatus in the basement.

Blanca, pillaged the French iron works
and pursued Europeans through the
streets, wounding several of them.
After terrorizing the town for two

ACTRESS BECOMES INSANE.
Pansy Lowthian Never Recovered from
Discovery She Is Not Wealthy.
Mining Man's Child.
(BY DIRECT WIRE TO THE TIMES.)
DENVER, Sept. 17.—[Exclusive
Dispatch.] Miss Pansy Lowthian, a beau-
tiful and accomplished actress, has
been committed to the New York Hos-
pital for the Insane on Ward's Island.
This fact was revealed today when
Warren D. Woodman, her attorney,
applied in the County Court for let-
ters of conservatorship of her estate.
The young woman's career was ro-
mantic. Adopted from a New York
foundlings' home by Thomas Lowthian,
once a wealthy mining man, she
inherited a part of his estate and
under his care she should receive \$10,000
more when she is 25 years old, being
22 now.

Hearing after his death that she was
not his daughter, she asked her foster
mother, Mrs. O. B. Liddell, for the
truth. When told the report was
true, she was heartbroken and went
East to seek her parents.

A year ago a beautiful young woman
found murdered near Toronto was
identified as Miss Lowthian, who has
been a splendid wife, which had been
cultivated in Italy, and who chose a
stage career.

DELIVERED FROM TEMPEST.
NEW YORK, Sept. 17.—The Fabre
Line steamship Massilia put into her
pier in Brooklyn today with a list of
grateful passengers, whose thanksgiv-
ings over deliverance from shipwreck
were fervid all the way from Sandy
Hook. Capt. Michel Muri said that
all his experiences he had never en-
countered such a tempest as last Tues-
day produced. Oil bags hung over the
bow, failed to produce any percep-
tible effect on the raging sea, passengers
were terrified out of their
wits, and the confusion was augment-
ed by the howling and banging
about between decks of six bulls,
which were driven wild by fear. While
the storm was at its height, a baby was
born.

DYNAMITE CAR BARN.
BOSTON, Sept. 17.—[Exclusive
Dispatch.] The latest exploit of a band
of up-to-date yeggmen who have been
operating through New England rob-
bing isolated offices, postal stations
and banks, occurred this morning,
when they blew out the front of a
car barn of the Boston Street Rail-
way.

They seized, bound and gagged the
watchman. So great was the damage
done by the explosion that the police
think they must have lost the greater
part of the safe's contents, which in-
cluded some \$500 or \$600 in silver tak-
en by conductors on the day trip.
The men arrived and departed in an
automobile and with them was a
woman apparently acting as a leader.

COFFEE DOESN'T HURT ME.
"I was one of the kind who wouldn't
believe that coffee was hurting me,"
says a New York woman.
"You just couldn't convince me its
use was connected with the heart and
stomach trouble I suffered from most
all of the time. My trouble finally
got so bad I had to live on milk and
toast almost entirely for three or four
years. Still I loved the coffee and
wouldn't believe it could do such
damage."

"What I needed was to quit coffee
and take nourishment in such form
my stomach could digest. I had read
so much about Postum, the cereal
coffee, but never thought it would fit
my case until one day I decided to
quit coffee and give it a trial and
make sure about it. So I got a pack-
age and carefully followed the direc-
tions."

"Soon I found I began to get better
and was able to eat carefully selected
foods without the aid of pepsin or
other digesta, and it was not long be-
fore I was really a new woman phys-
ically."

"Now I am healthy, hearty and
sound, can eat anything and every-
thing that comes along, and I know
this wonderful change is all due to
my having quit coffee and got the big
quantity of nourishment I needed
through this delicious Postum in
place of the dangerous coffee and
tea."

"My wonder is why everyone don't
give up the old coffee and the troubles
that go with it and build themselves
up as I have done, with Postum."
Name given by Postum Co., Battle
Creek, Mich.
Easy to prove by 10 days' trial of
Postum in place of coffee. The re-
ward is big and "there's a reason."

Captured After Making Vain
Attempt at Suicide.

One of the most brutal murders com-
mitted in Southern California in many
years occurred in this city last night
when Samuel Cannallo, an Italian
contractor, fired two fatal shots into
his wife's body, after which he tried
to kill his father-in-law, and then at-
tempted to commit suicide.

Mad Mrs. Cannallo lived thirty days
after the shooting.

The shooting resulted from Cannal-
lo's jealous rage against his wife, Mrs.
Cannallo. He went to his home
at 1015 E. 10th street, after firing two
shots at his father-in-law, and then
at his wife. Cannallo turned upon
his father-in-law, and fired two shots
at him, but the bullets missed. He
then turned upon his wife, and fired
two shots at her, which proved fatal.
He then attempted to commit suicide
by shooting himself in the head, but
the bullet missed. He was captured
after making a vain attempt at suicide.

TREPOFF'S END IS SAD.
General Is Abandoned at Last by Party
to Which He Had Devoted
His Life.
(BY THE ASSOCIATED PRESS.—P.M.)
VIENNA, Sept. 17.—According to in-
formation received by the Neue Wiener
Tagblatt from "a distinguished Rus-
sian authority," Gen. Trepoft at the
Council at Petersburg, August 15, re-
marked, "We have made a fearful mis-
take in not having formed a cabinet
representative of society."

Emperor Nicholas, indignant at the
observation, avoided Gen. Trepoft
thereafter. Later, Gen. Trepoft pre-
sented to the Emperor a project he had
elaborated respecting the sale of the
crown lands but the Emperor coldly
ordered him to hand it to the Grand
Duke Nicholas, his bitter enemy.
The Grand Duke, after reading the
project, remarked:

"It is extraordinary that you have
now become a Liberal after the at-
tempt to poison you. You are a Lib-
eral from fear of revolution, not from
conviction."

Gen. Trepoft took this treatment to
heart, coming from the hands of those
to whom he had devoted his entire life
and passed his last days in the closest
retirement, suffering intensely from
depression. Early on the morning of
September 15, Gen. Trepoft found on
his writing table a document which
he knew as he unfolded it, was a death
sentence from the revolutionary com-
mittee. Greatly agitated, he was seized
with a cramp of the heart, and it was
a recurrence of this that eventually
caused his death.

Third Floor—Savings the Keynote

Broadway sales of school books and supplies have grown to be in a class by themselves. Years ago, when we first started to cut prices, we made up our minds that the Broadway should be headquarters for school books and supplies. We made the savings so worth while that crowds came, and were surprised. We followed the first year's sale with increasing sales every year until this year, in order to satisfactorily care for trade, we have had to give the entire Annex, main floor, and a great part of the third floor to this sale. We have emphasized "Prices Everlastingly the Lowest" in a way that taxed us to the utmost yesterday, even with increased space and facilities.

Today the sale will be continued. Whatever school books you want, whatever supplies, pencils, paper, slates, no matter what you may need, buy at the Broadway Department Store today. You will be sure of paying very lowest prices. You will make your money go farther than you expected to. Remember, this sale is being held in both the Main Floor Annex and on the third floor, for convenience.

Bicyclist Shot in Road.

EUREKA, Sept. 17.—As Jake Sowash, a longshoreman was riding a bike to his home on Elk street last night he was ordered to hold up his hands by two men who stood in the road. Not heeding the command, four shots were fired at him, two of them taking effect and causing him to fall from his wheel. This frightened the would-be robbers away. Sowash made his way to a car line and was taken to a hospital. His condition is serious.

Towle's Log Cabin Pen-o-che Syrup

a combination of selected sugars specially pleasing to the children when served on bread for breakfast, lunch and supper. There is nothing as good and wholesome for the "little ones" as this pure, clear, extra refined cane sugar syrup.

Log Cabin Pen-o-che Syrup is a smooth, rich, fancy cane sugar syrup the same as Log Cabin Maple is pure high-grade maple sugar syrup. Each the best of its kind.

Log Cabin Pen-o-che makes candy that delights both children and grown-ups.

Log Cabin Pen-o-che is the "original"—do not accept any other than Log Cabin Pen-o-che.

WE ARE PRODUCERS OF PROFIT Once More We Win

Telegraphic advices received yesterday from Goldfield state that the miners on the lease of the MOHAWK LEASING SYNDICATE are taking out rich ore, which means that the property has already entered the shipping class, and shippers are dividend payers.

All labor troubles in the Goldfield district have been adjusted, and work on the MOHAWK LEASING SYNDICATE'S holdings is being pushed as hard as possible day and night, giving assurance that the scale of ore shipments will be steadily enlarged.

Saturday we sold Mohawk Leasing Syndicate stock at 25 cents per share; today the price of this stock is 40 cents per share. People who have bought this stock at first prices within the last two weeks can already cash in their investments at a big profit. Quick turns of this sort are what we make for our customers.

Within a few days, we know, there will be no more treasury stock of the MOHAWK LEASING SYNDICATE for sale—it will be withdrawn from the market by the company. This means that the only way the tardy, hesitating investor can acquire the stock will be to buy it from individual stockholders. The latter, with increasing ore shipments and dividends in sight, will want nearer to par than to 40 cents for their stock. Hence, if you wish any MOHAWK LEASING SYNDICATE stock at 40 cents, buy it now. TODAY.

BLAME FIXED ON CONDUCTOR.

Man in Charge of Wrecked Santa Fe Avenue Car Saturday Night Is Ordered Discharged.

As was generally expected among street-railway men who have been sufficiently schooled to recognize the primary principles of railroading, the investigation into the cause of the collision between a Long Beach train and a Santa Fe-avenue car at Fourteenth street and the Pacific Electric crossing, placed the blame upon the conductor of the Los Angeles Railway car.

Superintendent Akin of the Los Angeles Railway, accordingly ordered the immediate discharge of R. Norris, conductor of the wrecked Santa Fe-avenue car.

The accident occurred Saturday night, and was caused by Floyd suddenly waving his hand at the crossing to a Long Beach car approaching at full speed. Floyd's motorman mistook the gesture for a signal to go ahead, and his vision being obscured by a building, pulled his car upon the Pacific Electric tracks directly in front of the approaching Long Beach train. The collision was inevitable, and that there was no loss of life among the eleven passengers injured was miraculous.

Floyd attempted to excuse himself by saying that he signaled the motorman of the Long Beach car to come ahead, but evidently forgot that a conductor has no business to give signals except to his own motorman at crossings.

LETTERS TO THE TIMES.

The Times freely publishes the views of correspondents without holding itself responsible for the opinions. The brief, well-aimed, state clearly. The use of 20 words, on the average, is sufficient for the expression of an idea, or the presentation of a point. Well-written letters are liable to be selected merely on account of their length.

The Value of Shorthand.

HYNES (Cal.) Sept. 14.—[The Editor of The Times.] The object of this letter is to remind the "people" of the neglected but growing importance and necessity of shorthand.

The want columns of the daily newspapers with calls for stenographers. Soon no office position will be obtainable without the knowledge of shorthand. Shorthand is recognized as a necessity by the Board of Education in most of our large cities. Shorthand is to the intellectual world what wireless telegraphy and electricity are to the commercial world. Then why don't we have schools where is taught exclusively shorthand? One can learn it only through a business college. Shorthand is learned by those only who intend to follow it as a profession.

EVENTS IN LOCAL SOCIETY.

ONE of the most interesting young visitors in Los Angeles is Miss Julia Sanders of Montana, who has been spending a few weeks with her sister, Mrs. Will Nevin, at Terminal Island. She is of special interest to the younger crowd, as she is quite as pretty and vivacious as her sister, who as Miss Hattie Sanders, before her marriage to Will Nevin, was one of the belles here, while she stayed with Mr. and Mrs. Harry Draschman.

Miss Sanders is the guest of Mrs. J. Ross Clark of West Adams street, and her daughter, Mrs. Henry Carleton Lee.

Mrs. Lee is planning to entertain the end of the week in an informal manner for this fair visitor and there are a number of other friends who will give functions for Miss Sanders, which will be announced later.

McNab's Return.—Dr. and Mrs. Thomas B. McNab returned on Saturday morning from Oakland, where Mrs. McNab has been spending the past month visiting her parents, Mr. and Mrs. Alex Young of Oakland.

Dr. and Mrs. McNab have returned to Hotel Leighton, where they expect to spend the winter.

The end of this month Mrs. McNab expects to have as her guest Miss Marietta Havens, one of the most charming and widely-feted young

First Church of the Nazarene, corner of Sixth and Hill streets. Miss Moore has been one of the most popular teachers in the Main-street school and though she has only been there a year, she is a favorite. It was but a few years ago that pretty Stella Moore won her diploma, and now after one year's service, the city is to lose Mr. Thompson is the head of the Pacific Electric works at Sherman.

The church has been transformed into a bower of beauty by friends of the couple and the altar is nestled with waving palms and greenery and white flowers—started in between form pleasing contrast.

Baskets of carnations and ferns and wedding bells of snowy blossoms complete the pretty effect.

The bride who herself is a most attractive young woman, will wear a handsome gown of Brussels net with Irish point lace and exquisite medallions of valencienne lace as trimming. A long tulle veil caught with Miss of the valley and a shower bouquet of bride roses will complete the costume. Miss Mary Routledge is to be maid of honor and she will wear a soft frock of pale green chiffon and will carry pink bridesmaid roses. Ira Reeve will officiate as best man.

Mrs. Maude Carpenter will play the Mendelssohn wedding march and soft music during the ceremony. Dr. P. H. Brown will officiate, assisted by Rev. C. B. La Fontaine and Rev. Luther B. Knox.

After the ceremony the young couple will receive their friends at No.

Miss Genevieve Smith

Some of the attractive young maids and matrons who will act as reception committees at the Venice Dog Show this week.

Belle of Oakland.—Miss Havens will probably remain in the South about a month.

Attend Graduation.—Mr. and Mrs. Charles C. Carpenter of West Twenty-seventh street are in Stanford, where they have been attending the graduation exercises of their daughter, Miss Susan Carpenter, who should have received her diploma in June, but who with the rest of her class was robbed of this pleasure as a result of the northern disaster in April.

Miss Carpenter was leading lady in the class play, the "Original Miss Tewkesbury," and is said to have carried off the honors with great eclat. Mr. and Mrs. Carpenter and Miss Susan will probably arrive home tomorrow.

Miss Clara Carpenter is still enjoying herself in the East.

Visit Shermans.—Mr. and Mrs. E. P. Clark of St. James Park are enjoying a few weeks in San Francisco visiting Mr. Clark's brother-in-law and sister, Gen. Sherman and Mrs. Sherman. Mr. and Mrs. Clark were accompanied by their young son, Eugene Clark, and will probably return the end of this week, as Master Eugene's school duties are calling him.

Popular Teacher to Wed.—It was once a sort of superstition that a school teacher was sure to be an old maid, but that's all over now, for more pretty school teachers have taken the Hymeneal vows than one can easily count.

Now comes the wedding of Miss Stella Minnie Moore and Milton Andrew Thompson, which is to take place this evening at 8 o'clock at the

Mrs. Geo. Goldsmith and daughter Lillian Burkhardt

There they will travel by easy stages East. They will visit friends in Kansas City, Chicago, Buffalo, Rochester, New Haven, New York and Washington, leaving several weeks in Washington. They will return about the first of the year by way of Florida and New Orleans.

Society Will See.—The Venice dog show will of course have a riotous canine on view and the society folk of Los Angeles and beach aristocrats also are planning many of them to visit this beach show as it promises to be one of much interest.

There are a number of well-known society women, who in pretty light towns will act as reception committee and doubtless adorn the occasion as well.

Those who will act on this committee are: Misses O. H. Burbridge, Dan McFarland, William K. Peasley, F. L. Talcott, J. M. Brooks, Tom Oberle, George Goldsmith (Lillian Burkhardt), and Misses Kate Land, Genevieve Smith, Dorothy Groff, Alice Groff and Della Buckley.

Mrs. Stearns to Give Luncheon.—Mrs. John E. Stearns of St. James Park has issued invitations for a luncheon to be given at the California Club on next Tuesday, September 25. This is one of the functions to which society is looking forward, as it is one of the first of the many pretty affairs which the autumn is bringing.

Great Amount Cleared.—That the Barlow Fete was a great success goes without saying, for the proceeds have in their hands now just \$12,000 as proceeds. This being the second time for the fete, Dr. Barlow and his assistants were rather afraid that it would not be as fine as before. Everybody was generous, however, and the numerous shows and booths all have a fine showing now.

Miss Knox in East.—Miss Edith Knox left recently for New York, where she goes to train her voice, which is said to be a remarkable one—a soprano it is, with dramatic qualities. She has gone to study with Mrs. Edwards, who has predicted great things for her pupil. Miss Knox will probably go to Europe later to continue her work. She is a daughter of Mr. and Mrs. Thomas J. Knox of No. 314 West Fourth street, and is well known here.

Mrs. Foltz is Guest.—At the meeting of the California Business Woman's Association this evening Mrs. Clara Shortridge Foltz, the well-known attorney, will be a special guest and will address the guests on the vital subject of "Contracts." The association is to meet in the Merchants' Trust building in room 112.

Miss Decker is Hostess.—Miss Myrtle Consuelo Decker entertained her voice and piano pupils at her home, No. 721 South Carondelet street, Friday evening. An informal musical program by several of the pupils was given, after which was a musical contest. Miss Grace Parnall won first prize, a hand-decorated cup and saucer. Those who took part in

GOURAUD'S CREAM is the best beauty product in the world. It is the only cream that is both a skin and a face beautifier. It is the only cream that is both a skin and a face beautifier. It is the only cream that is both a skin and a face beautifier.

Go East to School.—Miss Mary Richardson, daughter of Mr. and Mrs. Davis Richardson of No. 1663 West Adams street, will leave the last of the week for Knoxville, Tenn., where she goes to attend Dr. Leffingwell's private school there. She will be accompanied by Miss Winifred Rottschmidt of Mr. Sterling, Ill., who has been visiting here for the summer.

Miss Short Showed.—Miss Edna Short, who will become the bride of Frederick J. Davis of Mt. Vernon, N. Y., Thursday evening, September 27, was showered Saturday afternoon with linen at the home of Miss Cora Hathaway of No. 21 East Twenty-fifth street. The color scheme being red and green, was utilized throughout the house, red hearts being festooned in the dining-room. Those present were Misses F. F. Short, A. M. Hathaway, Kate Rardon, M. A. Berne, Ada Bryant, Arthur Crowell, O. J. Perry, Alex. Quiesner, Simmona, Corber Whitteyer, Misses Edna Short, Regina Ciaslin, Cora Hathaway, Annie Smith, Jessie Whitteyer, Mable Hunt.

Pierces Return.—Dr. and Mrs. Clarence W. Pierce and their little daughter of No. 1411 Rich street, who have been spending six weeks in Boston and vicinity, are at home again. During their trip they visited the Thousand Islands, Montreal, Quebec and Portland, Me.

Teaches Two-Step There.—Miss Adele D. Lauth of Los Angeles is the guest of Mr. and Mrs. J. de Campiano in Biarritz, France.

Miss Lauth has made many friends in Europe by her gracious personality, and being a tall blonde, is in striking contrast to the dark-haired Spanish and French beauties.

Miss Lauth will be remembered here as a very graceful dancer, and she has gained much distinction and popularity this season among the young society folk of Biarritz by introducing the American two-step, which seems to have captivated the Europeans. It comes as a novelty, and the society has taken to it with a vengeance.

Miss Lauth returns to Eblin in October to resume her studies with Leopold Godowsky there.

Notes and Personal.—Thomas S. Casey and the Misses Casey have returned to the city, after spending two months at Ocean Park.

Mr. and Mrs. Robert G. Schroeter left on Friday for Catalina to be gone a week or more.

Mr. and Mrs. M. J. Newmark, after sojourning at Santa Monica for five months, have returned to the city, and are stopping at the new Hotel Ingraham on Ingraham street.

The regular open meeting of the Fortnight Literary Club will be held at the home of Miss Beattcher of No. 402 East Thirty-third street on Friday evening, September 28.

Miss Mildred Miller of No. 122 East Twenty-eighth street left on Friday for several months' stay in Arizona.

H. B. W. Spingler, a veteran newspaper man of Ohio and late of Longmont, Colo., is visiting friends in Los Angeles and vicinity.

Mr. and Mrs. Sculley and children, who have been occupying their cottage at Avalon, Catalina Island, for several weeks, have returned to their home in Los Angeles.

Mrs. Margaret Cleveland, with Mrs. W. G. Furman of this city, and Mrs. W. L. Hewitt of Salt Lake, have returned from a few weeks' outing at Catalina Island.

J. C. Cunningham left for Marietta Hot Springs yesterday.

Mr. and Mrs. Harry Fryman, Mr. and Mrs. J. B. Prosser and Mr. and Mrs. Stewart Macfarlane and J. E. Elliott and others, make up a party which has been spending a week at Alpine Tavern.

[BY THE ASSOCIATED PRESS.]
PETERSBURG, Sept. 11.—The security of life and property in the Baltic provinces, which culminated last Saturday in the murder of a German subject, has led the German embassy here again to make energetic representations to the foreign minister concerning the adoption of measures for the protection of German subjects in Russia. The German ambassador, Count von Miquel, first secretary of the embassy, called today at the Russian foreign minister, Count Sazonov, and presented the report of the German consulate regarding the murder of a German subject, who was struck down by a Russian soldier. He called attention to the time the regeneration of the Russian empire had lasted.

Through the armed revolt was the Russian empire reconquered by the forces under Gen. Oloff last night, but the Russian government has not yet checked for over a year.

MANY GERMAN SUBJECTS IN RUSSIA.—There are 5000 German subjects living in Russia. The American consul at St. Petersburg has not joined in this demand for protection. There are scarcely any German subjects in the Baltic provinces, where the conditions are almost as bad as in the Baltic provinces. The German consulate has been forced to guard the consulates and the residences of the consulates and the residences of the consulates.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Speedy Boy Gets Bump.

G. Housner, a messenger boy living at No. 428 North Hill street, collided with an outboard Vernon avenue car last night near Main on Second street and sustained injuries to his legs and back. He was on a bicycle and riding fast. He was injured by the car but was saved from being crushed by prompt action of the motorist.

University Improvement.
There will be a meeting of the University Improvement Association this evening in the chapel of the University of Southern California. The association has become a potent factor in the building up of the University section. Business will be disposed of quickly, and committees will report, after which work of special importance will be taken up.

Unhitching Record.
A careless truckman and a cigar stand caused a fire alarm yesterday afternoon. The man was driving a load of household goods along Alameda street. At Alameda street he came away a cigar stand, and in a moment a mattress was ablaze. A crowd turned out to watch the man unhitch his horses in record time. Then a chemical engine extinguished the blaze.

Newman Found, Dazed.
Charles D. Newman, whose disappearance was reported to the police by his wife, was found yesterday by Officer Ingram. The former grocer seemed to be dazed, presumably the effect of mental trouble. Recently he inherited property in the East, and it is thought that he had some trouble to do with it. Ingram came across Newman at Seventh and San Pedro streets. When confronted by his brother-in-law Newman did not recognize him, nor did he seem at first to know where his home was.

BREVITIES.

Our fall season has opened up earlier than any corresponding season in the history of our house. The only reason for this is that our patrons recognize the fact that Spier has an individuality and exclusiveness that ordinary millinery houses cannot imitate, and which our competitors find hard to duplicate. Spier originates but does not duplicate or imitate. Following our usual custom we do not have a formal opening. Our fall line is complete and open to your criticism. Spier, ladies' hatter and importer of millinery, 224 West Third st., cor. Hill st. Sole agent for Crafts.

FOOD, DRINK, SMOKE, DEATH.

Charles Malan Enjoys a Few Luxuries While Waiting for Gas to Bring His End.

Charles Malan took things easily while he sought death Sunday night. Yesterday afternoon an officer broke in the door of his room and found a corpse.

Malan was a French-Canadian printer. He took a room in the Hotel St. Angelo Sunday. He had recently come from San Francisco. He was dressed and then lay down on the bed. Beside it he had tobacco, cigarette papers, two bottles of Burgundy, and some fruit. He ate some of the fruit, drank the Burgundy, and smoked a cigarette, while gas was escaping from the jet which he had turned on. The keyhole and cracks in the door he had plugged with paper.

Yesterday the lodging-house people became suspicious and telephoned to the police. An officer broke down the door and found the body. Malan had left a letter to Annuary Marx, editor of a local French paper. In this he stated that he was disgusted with life and tired of being brought to others.

According to those who know him the man had been fairly successful in working. No particular cause for despondency is known.

OFFICERS HUNTING FOR BLUMENTHAL.

Immigration Authorities Would Like to Get Hold of Him—Mexican Consulate Has a Little Bill—Payment Lapses on Land Deal.

CREDITORS of C. P. Blumenthal, the missing Russian promoter, interested in the Russian colony near Ensenada, Lower California, are hunting for him with considerable zeal.

The United States immigration authorities are looking for Blumenthal in an effort to have him explain the missing Russian.

Blumenthal is not present to give counsel. Some credit for his presence; others are glad that he is gone. It was through Blumenthal that all the negotiations entailed were carried out. To him many of the Russians look for a settlement.

Many years ago the ranch upon which the Russians have settled, through the center of which flows the Guadalupe River, came into possession of T. M. Flower, a Los Angeles real estate man. The property was mortgaged to William Dickey of Brookville, Pa., for \$10,000, and for years the interest was paid in the form of rentals for the land. Finally Flower transferred his title to Dickey. Nearly two years ago Flower ran across the Russians, and a plan to collect money, but was paid in \$100 amounts. The present consideration of the land entered into negotiations with Dickey, and got an option on an condition. The remainder is mounted on the Russian colony.

Capt. Blumenthal, Ivan Gurevitch Samarin and Vasil Gavrilovich Pivovarov, representatives of the Russian colony, were signed which provided for the purchase of the land for \$98,000, of which \$6500 was to have been paid down and the rest was due in regular installments. The \$6500 was not paid down at once, because the colonists claimed not to have the money. The remainder is mounted on the Russian colony.

Blumenthal was to have received 10 per cent. on the contract price as a commission, as the payments became due. If the colonists continue payments, this amount will become due periodically, and creditors are said to be preparing to attach this sum.

Donald Barker, who has made a number of complaints regarding the representations made to them. In other quarters it is said that the Russians were misled by Blumenthal and his two associates. The tract contains 12,000 acres, of which about 7500 is suitable. The remainder is mountainous. It is now claimed by the Russians that they thought all of the 13,000 acres was fit for agriculture. Barker says the colonists were fully explained to the officers, and apparently understood by them.

Agents of the land owners say that the Russians harvested 25,000 worth of wheat from 1500 acres tilled during the last year. This wheat was to have been held as a community property, from which was to have been apportioned the amount to be sold to make payments on the land. Instead, the Russians harvested it, and sold it to piles, and designated the respective heaps of grain as belonging to this or that man.

The outcome of the troubles cannot be forecasted. The Mexican Consul has received no information of action being brought in the Lower California courts. Consul Lozano's sympathies are with the colonists, in so far as reports say that they have been imposed upon by letters alleged to have been unscrupulous.

NO CLASS "SCRAPS" THIS YEAR.
Occidental Freshmen in Such Minority That Football Game With Sophs Will Be Substituted.
Occidental football men were out in suits yesterday for the first time this season. About fifteen men, dressed in suits and sport coats, were seen kicking and running with the ball. Coach Merrill sent all the men around the track on a dog-trot. The athletic field will be put in good condition at once, and apparatus will be placed in the gymnasium. A large number of candidates for the team.

The Presbyterian under classmen were not here yesterday. At a meeting of sophomore and freshman classes yesterday afternoon the football game for the rushes and fights. There is a small number of men in the freshman class this year. Barker says the colonists were misled by Blumenthal and his two associates. The tract contains 12,000 acres, of which about 7500 is suitable. The remainder is mountainous. It is now claimed by the Russians that they thought all of the 13,000 acres was fit for agriculture. Barker says the colonists were fully explained to the officers, and apparently understood by them.

THE RANCH CRISIS.
The crisis came yesterday when the Russians failed to make payment of \$15,000 due to Attorney Barker, agent for the controlling owners of the land from whom the Russians had purchased. By law the clients of Mr. Barker have the right to bring suit for payment of the amounts due or the forfeiture of the contract. Such action may be in the form of an attachment on the land or the crops of wheat harvested, which now is stacked on the ranch occupied by the Russians.

Some of the Russians are in favor of making the payments and continuing the agreement under the prevailing contract, but others want to have the community property parcelled and to declare the contract forfeited, because of certain alleged misrepresentations and clouded title.

Meanwhile, Capt. C. P. Blumenthal

QUARTER-MILLION SALE.

Syndicate Pays Thirty-seven Hundred and Fifty Dollars Per Front Foot on Spring Street.

The property on the east side of Spring street, 150 feet south of Fifth street, and lying between the Lissner building and Ralph's grocery store, has been sold for \$25,000. The property has a frontage of 60 feet and a depth of 155, running back to a 20-foot alley. It is improved with a one-story brick building, that rents for \$400 a year, for the animals whose sale and the investment. The price paid was \$2750 a front foot, and the transaction was entirely cash.

The buyers are a syndicate of about fifteen men, who will hold the land for a time, and possibly improve it later. Charles D. Morgan was the owner. The sale was made through R. A. Rowan & Co.

"GO SLOW" SAY SAN PEDRANS.

Citizens Accept Suggestion of "The Times."

Petitions Started in Accord With the Same.

Temper of Trustees Now Is Against Hasty Action.

BY E. H. BAUTZER.
(SPECIAL CORRESPONDENCE OF THE TIMES.)
SAN PEDRO, Sept. 17.—The sound and rational suggestion contained in The Times editorial of last Sunday morning, relative to granting concessions in the outer harbor asked for by various corporations, among them the Southern Pacific, immediately struck a responsive chord in the minds of prominent citizens and business men of San Pedro. The Times suggested that the wisest course for San Pedro to pursue at the present time would be to wait and grant no special privileges to any applicant today, in view of the great future development in store for San Pedro and Southern California, pointing out that San Pedro would be able to afford million dollars and more by refusing to part with a valuable asset for what seems a valuable consideration now, whereas the privileges sought for will bring the city ten times as much a few years hence.

All day yesterday the advice of The Times, which has been always the watch dog of San Pedro Harbor, was favorably discussed and numerous petitions are being circulated here today requesting the Board of Trustees to refuse to grant the franchise asked for by the Southern Pacific, the Imperial Investment Company and the Home Dock and Warehouse Company, which have filed the petitions for valuable concessions in the outer harbor. The petitions are receiving a large number of signatures. Investigation today indicates that the members of the board will not give up the territory asked for by the various corporations at present, retaining it until some future time, when it can be used to the better advantage of San Pedro and Southern California. This is the present temper of the board—in favor of going slow. They expressed themselves to this effect today. Said one of them: "We don't want to do anything rash. We want to do what is best for the city. There is no reason why we should not wait awhile. It will be a mistake, however, to try to bulldoze the board."

A petition was circulated today by A. P. Ferri, a prominent property owner, among the business men of San Pedro, requesting the Board of Trustees to make an effort to secure terminal rates for this city and to postpone action on the franchise asked for until the same has been secured. About fifty business men signed this petition.

A final vote on the franchise will be taken Tuesday night and a strenuous session is promised. Trustee George H. Peck is in San Francisco on business, but is expected home in time for the board meeting.

The refusal of Boss Craig and Hearst to dictate and bulldoze have done more harm to the cause of the free harbor than everything else. Immediately after his defeat at the polls last month, Boss Craig started up a loud and yellow outcry in the Examiner, declaring that the Southern Pacific Railroad and not the harbor bosses had tied up the harbor. Craig and his gang had brought such disrepute upon San Pedro by their outrages on non-union men and their employees, bringing the harbor business to a standstill, that the residents of the city, as a means of diverting public attention from the real enemies of the harbor, some of the leading shippers and lumber dealers in San Pedro, have clearly shown that this is the secret of the Examiner's lurid campaign of words, mere words, no conspiracy exists at the present moment save the conspiracy of Boss Craig to get another grip on the town and the conspiracy of Boss Hearst to make his gang supreme.

BOYS ALLEGED THIEVES.

Caddy at Country Club Charged With Stealing Chain and Pin, Confession Implicates Another.

Charged with stealing jewelry from Joseph Jaffy, an employee of the Country Club, Morris Dunlap, a 15-year-old living at No. 1229 Irolo street, and Edward Dyer, 12 years old, of No. 1422 East Forty-fifth street, were arrested by Detectives yesterday and sent to the Detention Home. From the police it was learned that Dunlap has been arrested three times before on the charge of theft.

Young Dunlap was employed as a golf caddy at the Country Club. The officers say he saw Jaffy hang his coat in a barn and went in and took a watch chain and a secret-society pin. The boy took the goods home and turned them over to his father, who in turn took it to the police. The arrest followed.

Dyer was incriminated in Dunlap's confession, and was arrested last night. The lad was at his home and when the officers called he told them that the Dyer boy said that the officer was his first and the police are inclined to be lenient with him. He was sent to the Detention Home.

TAR AND FEATHER TALK.

Citizens of Alamitos Bay Resolve Emphatically Against a Slow-Car City Trustee.

Advice reached Los Angeles last night that the Pacific Electric Railway officials have received a copy of a resolution adopted at a meeting held at Alamitos Bay two days ago. In the resolutions it is stated that the citizens of Alamitos Bay will tar and feather a certain trustee if he again does anything that will injure the city. It is understood that this particular trustee and others were instrumental in causing the arrest of the crew of the Pacific Electric Long Beach car for violating the speed ordinance. The company was informed that its cars to run at a low rate of speed—the legal eight miles an hour—which caused much feeling in Long Beach and Alamitos Bay.

The meeting was the result of an inquiry into the cause for running the cars so slowly. The residents of Alamitos Bay in particular were aroused by the action of the trustee. The company was informed that a copy of the resolution had been sent to the trustee, and that the citizens mean to carry it out to the letter.

John Harvey of Colorado Dies as the Result of Fall into Hotel Bath.

John Harvey, a coal-miner operator with extensive Colorado interests, died Sunday in the Clara Barton Hotel, after severe scalding received in a bathtub in the Hotel Lankershim Friday night. Friends say that the man had been drinking of late because of the mental distress caused by the loss of a daughter some months ago. It is said that he fell into the tub when he was sitting on its side. His groans led to discovery of his plight. The hospital authorities did not give publicity to the case at the time, and the hotel people observed strict secrecy. Mr. Harvey lived for some time with his family in the Hotel Maryland, Pasadena. Recently his family went East and he occupied his apartments in the Lankershim alone.

OLD MAN IN COUNTY JAIL SAID TO HAVE THREATENED LIVES OF NUMBER OF PERSONS.

John Garrison, an old man now in the County Jail, is accused of having promised to do enough killings to keep even an expert murderer pretty busy for some time.

Postmaster Allen of Pasadena, Attorney Carroll Allen of this city and G. A. Clark, an employee of the Board of Trade, have all received letters from Garrison in which he is alleged to have threatened their lives. What will be done with them now presents an interesting question.

ARRIVES AT YOKOHAMA.

Steamship Dakota, Carrying the Times Oriental Party, Reaches Japan. All Well on Board.

The great steamship Dakota, carrying The Times Oriental Party, arrived at Yokohama, Japan, Sunday at noon, after a charming voyage.

Advice from the travelers state that all are well and happy, and having the time of their lives. They will now revel for a time in the sights of the Flower Kingdom, going from Yokohama to Kobe, where they are due next Monday. They were not due to reach Yokohama until today at noon, but the weather was so fine and the ship's progress so good that they were two days ahead of their schedule.

UDELLO YODLES FOR THE CASH.

ONCE THROWN OUT OF COURT, HE TRIES AGAIN.

He Files Suit Against F. Q. Story, Charging That Relief Funds Have Been Misappropriated, and Says He Represents Ten Thousand San Francisco Refugees.

Apparently the self-constituted spokesman of himself and "ten thousand others," Alva Udello, a San Francisco attorney who formerly lived here, and who has achieved notoriety as an "objection" for the refugees, is bringing suit in San Francisco against F. Q. Story, as chairman of the Los Angeles Chamber of Commerce Relief Fund Committee, charging misappropriation of the \$60,000 or more raised by that body for the benefit of the sufferers of the Northern city.

The suit has been regularly filed with the County Clerk here, and service has been made on Mr. Story in his office, however, as well as the other members of the committee, together with officers of the Chamber of Commerce, far from taking offense or umbrage at the action of Udello and his army of 10,000 strong, regards the proceedings more in the light of a joke.

"This is but the echo of a former action brought in San Francisco, which was promptly thrown out of court, when Mr. Udello, in a hearing," said Mr. Story last night. "I have no doubt in the world but this action will come to the same summary end when it is better heard. It is in no way a real belief in a misappropriation of the funds which the Chamber of Commerce of this city raised, but solely for the purpose of allowing Mr. Udello and some of his 10,000, who undoubtedly exist largely in the mind of this lawyer, to get their fingers on this money."

"Strangely enough, we do not as yet feel inclined to take advantage of their invitation to give up the money entrusted to us and leave them free to disburse it. And that is just the rub. I do not suppose there has been a day since we were appointed to take charge of this fund that we have not received suggestions from parties who modestly declared themselves to be far better qualified than the appointees of the Chamber to manage the distribution of the money among the refugees."

"It is true that the disbursement of such a fund has been more or less unsatisfactory to many of the refugees who have not come in for as large a share of it as they thought themselves entitled to. In many instances we have refused to pay out one penny to parties who have applied for assistance, and have been in no better financial condition than hundreds of contributors to our fund."

"If any one thinks the deserving is an easy job, we are ready and willing to give him first hand evidence which will convince him of the reality of his impressions, but we are not as yet ready to allow Mr. Udello or any of his army of 10,000 to manage the job for us. Our officers in San Pedro do the affairs of the committee, and to be free of the responsibility attaching thereto, we are not that anxious to unload our trust."

Although the action is brought against Mr. Story as chairman, it applies equally as well to the other members of the committee, which includes such men as Bishop Conaty, C. C. Desmond, Jacob Baruch, Joseph Stott and J. O. Koppel.

SWAMPED BY STUDENTS.

Registration at Southern California University This Year Indicates Attendant Above Expectations.

The hundreds of students already on hand at the University of Southern California are being registered as fast as the large force can carry on the work. This task is much bigger than in any previous year.

No recitations will be heard until Thursday and nothing will be done on campus until next week. Yesterday twelve were busy ten hours in enrolling students, and many who applied were disappointed by having to wait until today or tomorrow for their cards. Four hundred are now on the books, and most of these are new students, the old ones waiting until later in the week to make their appearance.

President Boardman stated that the unparalleled gain in the number of students is proportionately greater in the college than in the academic courses, the majority of new comers entering as full freshmen or above. Many have come from other colleges, and some who have spent a year at Berkeley or Stanford, have returned because of the advantages of more individual instruction and with full confidence that the heads of departments are as strong as those in the universities in the northern part of the State.

Every train brings more students, and members of the faculty are unable to make even an approximate estimate of the number who will be enrolled. But all agree that it will surpass recent expectations.

The outlook for football is very bright. Prof. Holmes has not made any effort to secure new material for the team and is depending on the same men he had last year, two-thirds of whom will be back. Among the freshmen from Alabama, weighs between 180 and 190, and he will probably try to go guard or tackle. He will also go in for the weights, the track, and will make a strong member of the back field.

On field and track the names of Richardson, Comstock, Cooper, Crox, Lenox, Burek, Carl, Scott, Best, Clinton Young, Guiberson, Ellis and Hustler will be familiar ones. Hagler will handle the weights and Miller and Chapin will also be weight men. E. Thompson will get out for the two-mile run. "Rip" Thompson after the hurdles, Gaylor Snyder will compete for the mile run, and Chandler will have to be reckoned with in the broad jumping.

In about two weeks cross-country running will be taken up by the track men.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The City Council yesterday approved \$14,000 to give the city a new system of keeping its accounts.

The outfall sewer ordinance was passed and the Board of Public Works will advertise for bids at once.

An ordinance was passed yesterday giving the city fifty more policemen, and increasing the number of police matrons to three.

Mrs. Aurelia Schack was arraigned yesterday on a charge of perjury, the District Attorney having decided to abandon the charge of murder. The prisoner was taken to a cell when court opened, and a delay resulted.

Justice Chambers' court was crowded with Russians yesterday, owing to two cases of men striking women. Both prisoners were acquitted, but had to pay costs.

J. M. Garball was arraigned yesterday on a charge of forging the name of C. E. Cray to a check for \$20. Garball gained notoriety as a juror in the case wherein Dr. Charles Freedman was exonerated of negligence in attending to a Mexican who died from his wounds after.

Officers of the S.P.C.A. showed mercy yesterday toward Peter Patrovsky, accused of driving an automobile. On account of his poverty-stricken family he was released on probation. The society will put the horses under the care of a veterinarian.

Hearing of the divorce suit of John Hunke, a Dutchman, against Frances Hunke, an Irishwoman, opened Judge Boardwell's court yesterday. The case is hotly contested owing to the large property interests of the couple, who reside at San Pedro.

Florence Urbach-Cook yesterday secured an annulment of her marriage to Walton W. Cook, testimony showing that he had committed bigamy.

Mrs. G. W. Duffy of Monrovia received a rebuttal yesterday from Judge Gibbs in her action to have her aged husband adjudged insane. Judge Gibbs said that it appeared to be an attempt to "railroad" Duffy to an asylum and he declared him to be sane.

AT THE CITY HALL.

BIG MONEY FOR TELLING HOW.

CITY TO HAVE A NEW SYSTEM OF ACCOUNTING.

Werdin Steps in to Break the Paying Trust—Outfall Sewer Ordinance Finally Passed—Burn Rubbish Early—Employment Agencies Under Police Control at Last.

The city of Los Angeles is to have its accounting system reorganized by a firm of book-keeping experts.

That the reorganization must be considered worth something is indicated by the fact that yesterday the City Council appropriated \$15,000 to pay for the work.

The matter was brought to the attention of the Council by a report from the special committee on municipal accounting, appointed at the request of the Council, by the Chamber of Commerce, Merchants' and Manufacturers' Association and Municipal League. This committee consists of J. M. Schneider, A. R. Kelsey, and J. M. Garball. After fully investigating the subject, both as to the city's need and the reputation of the experts to be employed, made their report yesterday, recommending the employment of the Jones, Caesar, Dickinson, Wilmet Company of San Francisco, with a branch office in Los Angeles.

This firm proposes to do the work on the basis of \$25 per day for the manager in charge of the work, and \$15 a day for each assistant employed, with hotel and traveling expenses added. They guarantee the expense to come under \$15,000, with an additional \$1000 for books and blank forms. The committee recommended the acceptance of the offer and the report was adopted. The City Clerk was instructed to prepare a contract, in which it will be stipulated that the City Clerk shall have the right to terminate at any time any employee engaged on the work and pass upon the expense accounts.

WERDIN STEAMS UP.

BREAKING PAVING TRUST.

In opening the bids for street improvements yesterday, at the office of the Board of Public Works, representatives of the big paving companies received a shock. They were underbid on the big job of paving Pico street, from Hoover street to the western city limits.

The erstwhile Superintendent of City Streets, E. R. Werdin, suddenly comes into the lime-light, though his name is not mentioned in connection with the bid.

For several years all the bids for big paving contracts have come from the Barber Asphalt Paving Company and the Fairchild-Gilmore-Wilton Company. Any attempt to break the monopoly of these two corporations is likely to conclude that the two bids are rigged for the same person and with the definite purpose of eliminating competition, thus compelling the city to pay just what price they see fit to demand.

The first bid opened was one handed to the board by E. R. Werdin for the paving of Pico street. It was a bid from G. M. Giffen, in which he proposes to do the work at the following rates: Paving, per square foot, 16.2 cents; curb, per linear foot, 31.5 cents; gutter, per square foot, 28 cents. Giffen is not a contractor, but Werdin is, and the bond was signed by G. M. Giffen, Thomas Hughes and Lester Robinson. This bid is the lowest one offered for the job, by about \$200 per city block, and will save the city at least \$5000 on the contract.

With Giffen's bid left out, it would have gone to the Barber Company, while the smaller job of paving Washington street from Grand avenue to Figueroa street, goes to the Fairchild Company, only these two having put in bids.

CITY HALL BRIEFS.

FIFTY MORE POLICEMEN.

In accordance with the recommendation of the Police Commission, an ordinance was passed by the City Council yesterday providing for fifty additional policemen, ten to be appointed November 1 and ten December 1, and others to follow, five being appointed the first of each month.

The salary ordinance was also amended so as to provide for three police matrons, at a salary of \$75 each.

Mrs. Hester L. Griffith petitioned the Council to pass an ordinance which will include in the penalty for exhibiting obscene posters, the person who is responsible for having the work done. It was referred to the Legislative Committee.

The Board of Public Works was authorized to advertise for bids for the construction of a new outfall sewer.

thorized to advertise for \$3,000 barrels of crude oil, to be used in oiling streets, delivery to commence April 1, 1937.

Houston presented another resolution yesterday, prepared by the "Yellow rag," asking an investigation of the Southern Pacific Railway's holdings at San Pedro. To get rid of it a motion was passed referring it to the Chamber of Commerce.

OUTFALL SEWER.

WORK TO GO ON NOW.

Everything is now ready for the city to go ahead with the completion of the outfall sewer.

Yesterday an ordinance was passed declaring the work abandoned by the former contractors, and declaring the purpose of the city to complete the sewer, either by letting the contract in whole or in part. The Board of Public Works will at once advertise for bids for the construction of the tunnel section and for such other portions as are in the judgment of City Engineer Hamilton to be best done in that way.

RUBBISH ORDINANCE.

FIRE BEFORE BREAKFAST.

Look out now as to when you build fires to burn your rubbish. A new ordinance was passed yesterday, forbidding that this be done anywhere outside the fire limits of the city, except between the hours of 6 and 8 o'clock in the morning. Inside the fire limits it is absolutely forbidden to light fires at any time. An effort was made by the member from the Sixth City Ward to amend the ordinance so as to include two hours in the evening, but this was thought to greatly increase the fire hazard, and was not considered.

UNDER POLICE.

EMPLOYMENT AGENCIES.

At last a brake has been put upon the disreputable depredations of employment agencies, which have for years fattened off the last few dollars of poor men, who paid it in the vain hope of securing work. There was no law to restrain them, except in rare and flagrant cases, but yesterday an ordinance was passed which places these agencies under the ban of the Police Commission. No agency can operate without a permit, with a heavy penalty attached for anybody doing so, and the commission has the power to revoke a license whenever complaints indicate that they are not dealing fairly with the people who seek employment. A clause is attached to the ordinance, exempting from its provisions agencies conducted without a fee by organizations, churches, societies or lodges.

AT THE COURTHOUSE.

JUDGE FROWNS ON WIFE'S SUIT.

SHE TRIES TO HAVE HUSBAND SENT TO INSANE ASYLUM.

Testimony Shows That Her Aged Spouse Deeded His Property Over to Her—Court Says It Appears as if She Were Trying to Have Him "Railroaded" Away.

G. W. Duffy is an old gentleman of 75 years who resides at Monrovia, and while by no means wealthy, has a comfortable little property. His property, however, he made over some time ago to his wife, and has been gliding down the last years of life in a pleasant and happy manner.

Mr. Duffy was before Judge Gibbs yesterday to be examined by the Lunacy Commission as to his sanity. His wife made a complaint against him, and appeared in court to sustain it. She is the second Mrs. Duffy, and a grown-up daughter by the first wife was in court, but had little to say.

The wife had little that was definite to charge against her husband, with whom she has lived for ten years, though she is many years his junior. She said that he was irritable and that she could not get along with him, and that he didn't appear to know himself what he wanted. As opposed to this, several witnesses appeared and spoke in behalf of the old man. They all agreed in the statement that Mr. Duffy is a pleasant-spoken old man, and considering his years quite healthy, and at times intellectual in conversation. They opposed every statement put forward by Mrs. Duffy, and she became angry.

Mrs. Duffy said that she thought it was a plot to have the property taken from her. Judge Gibbs responded somewhat sharply that it appeared to him as if the case were one where an effort was being made to get the old man's property and then ship him off to the insane asylum.

The examination ended by the discharge of Mr. Duffy, and the congratulations of his friends. Meantime the daughter by the first wife and the present Mrs. Duffy had a conversation which was becoming interesting. After marriage that fact developed, and the daughter and her husband were to forego the debate.

A petition is to be filed asking that guardian be appointed for Mr. Duffy, and it is likely that the City Marshal of Monrovia will receive the appointment as guardian. After that is done, the case will be referred to the court, and what circumstances the property was transferred to Mrs. Duffy.

MARRIAGE ANNULLED.

HUSBAND COMMITTS BIGAMY.

Florence Urbach-Cook, who was married to Walton W. Cook on October 25 of last year, had her marriage annulled by Judge Gibbs yesterday. Miss Urbach was only 29 years of age at the time of her marriage, and had been beguiled by the smooth ways of her lover.

During the period of love-making Cook did not tell his California sweetheart that he had a wife living in Texas from whom he had not been divorced. After marriage that fact developed, and Mrs. Cook then took steps to have her marriage annulled.

Cook is a native of South Carolina, and in November, 1923, married a girl in Alabama named Susan Bryan. Shortly afterward he took his bride to Dallas, Tex., and there he began to brutally abuse her until finally, when he drew a knife and threatened her life, she fled to her mother's home in Texas. She then came to California and deliberately set to work to win the affections of Miss Urbach, and married her before a justice of the peace. They lived together until February of this year, when whisperings of the first marriage reached the ears of his wife. By that time she had seen the glamor of her marriage disappear and inquiry revealed the fact to her that her husband was a bigamist.

BREVITIES MISCELLANEOUS.

SHARPENED A KNIFE. Mrs. M. J. Buhler was granted a divorce yesterday from Anton Buhler, on the ground

of cruelty. They were married in 1925 and resided at No. 2425 West 51st street. After various kinds of cruelty from him the wife left home. She saw him sharpening a long knife one day and he said he was going to cut her to pieces with the weapon. She fled and never returned.

HAZARD GOES FREE. E. T. Hazard was released on his own recognizance yesterday, the District Attorney dismissing the case, owing to insufficiency of evidence. Hazard was charged with having committed an attack upon a young girl who, with her sister and a son of Hazard, were lost later in a shipwreck off the British Columbia coast.

M'GEE DIVORCE. Florence Edith McGee got a divorce yesterday from James Henry McGee, on the ground of desertion. They were married in this city in January, 1929. McGee was a photographer, and in July, 1935, he left for Arizona, deserting her for all time.

SENT TO PATTON. William Van Stickle was ordered committed to the State Hospital at Patton by Judge Gibbs yesterday. The man suffers from hallucinations, and imagines that he is traveling about all over the world.

THE INFERIOR COURTS.

COURT WAITS AS AURELIA BATHES.

MRS. SCHACK DELAYS READING OF PERJURY ACCUSATION.

Murder Charge Against Her Is Disregarded and District Attorney Issues Statement Explaining Move. Prisoner Likely to Plead Guilty to Complaint of False Testimony.

Court waited for Mrs. Aurelia M. Schack to take her bath yesterday afternoon. In deepest blackness as the yellow newspapers say of female defendants in murder trials—Mrs. Schack faced Judge Austin; when she had finished the bath aforesaid. Perjury was the charge. The fact that the murder case had been dropped didn't seem to rouse any emotion in the woman, and as she has always been since Stackpole killed her husband, the coolest person in the room.

But she twisted her handkerchief in front of her face, while she stood before the court. And when she took the handkerchief away her lips showed where her teeth had bitten.

The court proceeding was quiet. The formal accusation was read to the hump, black-haired woman. It said she had lied before the coroner's jury, at the time when she told them that burglars had killed her husband. This she was acknowledged by Mrs. Schack on the witness stand, and the Stackpole trial. The former accusation recited details of questions and answers, and when she was asked if she had killed her husband, she answered "No."

Arraignment was concluded by the court setting the preliminary examination for tomorrow afternoon at 2 o'clock. The absence of any attorney for Mrs. Schack was significant in the minds of some. Hitherto her counsel has always been with her. Now, however, it is stated that she is to plead guilty to the preliminary examination, a classic one to fifteen years.

Court was sitting in a well-lighted empty room when the police detective, while by no means wealthy, has a comfortable little property. His property, however, he made over some time ago to his wife, and has been gliding down the last years of life in a pleasant and happy manner.

MARRIED HALF CENTURY.

M. R. AND MRS. A. R. KELSEY, pioneers, who have had a career rich with rare experiences, celebrated their fiftieth wedding anniversary at West Orange. This sturdy couple with the snows of fifty years of married life upon their heads, remain yet hale and hearty, doubtless the result of the outdoor life, which they have lived.

When Mrs. Kelsey was but a child of four of them were present at the anniversary celebration. Two sons were detained by business in Arizona.

The old family home was gaily decorated. Ferns and bright golden blossoms and yellow ribbons were suggestive of the fifty years of wedded life. Before the reception, which was held in the evening, the couple, with their sons, enjoyed a fifteen-mile automobile drive about Orange, and in the afternoon entertained numerous relatives at dinner.

At 7:30 o'clock about seventy-five friends surprised the couple with a gold-headed cane and a golden soup-ladle. They received many other valuable gifts. During the evening an orchestra discoursed sweet music, and dainty refreshments were served.

WOMEN WIN FOR PEOPLE.

Agricultural Park Suit Is Decided.

Property Passes to District Association.

Half-Million Dollars Saved to Public.

Victory for the people has been won in the suit decided by Judge York, wherein the Agricultural Park has been wrested from the hands of the "stockholders" and passed to the people of the city. The people have won a victory of a million dollars and have saved twenty-four hours of their time. The suit was brought by the Agricultural Park Association, a district association, against the "stockholders" who had taken possession of the park and were attempting to sell it for their own use. The court found in favor of the people and the park will now be used for the benefit of the city.

The court also finds that the defendants have received large sums from the rent, issues and profits, and because of the changes in the personnel of the board it is extremely difficult to fix a personal liability other than during the existence of the present board. It is determined that this board has now \$400 cash on hand, and that the board paid out \$150 for attorney's services in defending the present suit. Both sums are charged against the board and is entered as a judgment against it.

The sum total of this court decision, which has occupied the attention of Judge York for a very long time and which has necessitated much thought and looking up of authorities before the chaotic state of things surrounding the park could be reduced to the condition of clarity shown in the opinion, means a clean sweep along the line. The Governor's board of directors will step into control and the stockholders' board will be swept to one side.

J. PLUVIUS WON'T BE BOSS.
Rainmaker Hatfield Disappoints Dawson, and Loses His Job—Chief Isaac Next Candidate.

"Rain-maker" Hatfield, of former local renown, is not having a nice time in Dawson, where he went to produce copious precipitation. He is no longer honored with the title of "Prof." He is now referred to as "Hat," and contempt is cast on him and his works. His contract, by which a stream of Dawson's gold was to flow into the rain-maker's pockets in return for his hypnotizing the source of heaven's rain drops, will be canceled by the subscribers to the "Hatfield fund." A driest part of the season has passed, the works are shut down which he was to benefit, and there has not been a perceptible precipitation. J. Pluvius has refused to give down, and "Hat" is out of a job. So says the committee of three miners who were to referee the battle with the clouds. Now comes to the foreground Chief Isaac, big boss of the medicine men and premier rain-maker of the Indian tribes. He regarded Hatfield as an upstart, an usurper, and proudly stated that when the California importation had failed, he, the only original controller of the clouds, would show his power.

He is now prepared to prove his assertions, and is willing to proceed on the grounds of no rain, no pay. Just to show that he is the real established thing, and no money-seeking upstart, he will eliminate the expense account. Also he demands for satisfactory rain the modest sum of \$700. The men of Dawson, perhaps to show their opinion of Hatfield, perhaps as a practical joke, and perhaps with slight belief in the prowess of the old medicine man, are circulating a petition addressed to the Yukon Council, asking that Chief Isaac be engaged on his own conditions of no rain, no pay.

If the petition is acted upon favorably, the chief will get until the close of navigation to produce the rain. Meanwhile "Hat" will pack up his explosives and watch the old Indian collecting his "medicine." Science sometimes gets it in the neck from superstition, even in these enlightened days.

CIRCUS PARADE NEXT MONDAY.
Sunday, Monday and Tuesday next will be Los Angeles' circus days. Monday morning will be the Adam Forepaugh-Sells Bros. parade. Love of the circus is inborn; it lasts while life lasts. Men have enjoyed it since the days when they carried water to the elephants or crawled under the tents to see the show. There is something about the sort of entertainment that is different from any other sort of amusement. Whatever it is, there is a fascination that catches the imagination of youth and stays through life. The parade, which leaves the circus lot at 10 o'clock Monday morning, will, it is promised, be of an unusually attractive character. The circus lot has been located at Grand avenue and Washington street.

Economizing Communism Wins.
The communism cup agitation has been carried to what seems almost a farcical extent in a church at Mason City, Iowa, where every member of the church who desires to take part in the communion services is required to bring a spoon. Each communicant dips in his spoon, takes his individual portion of wine and passes the goblet on to the next spoonholder. There was some reason in the adoption of the individual cup plan to meet the scruples of those who, being imbued with the germ theory, objected to touching with their lips the same goblet touched by others, but how can they be certain that a spoon which has been carried in another's pocket or in hands no more free from germs than the lips may not just as easily contaminate the wine in the goblet?

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plan's, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine—Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c per bottle. One size only.

Shirts

We have too many high-grade shirts on hand. The cheaper lines were almost sold out during our clearance sale. Now the high-grade lines get a hard rap. We have taken the regular \$1.50, \$2, \$2.50, \$3 and \$3.50 shirts, in all styles, and marked them down to

PLAYHOUSES AND PLAYERS.

THEATRE. Every reader and admirer of Charles Dicken's simple but for all his varied and wonderful powers as a delineator of lifelike characters, he was almost always incoherently melodramatic when it came to the weaving of plots. "The Only Way," made into a play from his "A Tale of Two Cities" by Freeman Wills, may be called, perhaps, a romantic melodrama. But it is a stirring and fine one, nevertheless, full of life and movement, and an almost painfully absorbing interest. Its conversation lacks some of the compactness of the best constructed plays—but this diffuseness is due, no doubt, to the fact that it appeared first as a novel.

Our concern is with the actors, for everybody knows the play—and our chief concern is with Lewis Stone, and his interpretation of Sydney Carton. Mr. Stone struck a high artistic note in the role last night, and he did it with an apparent ease which argues well for his work in other and even more difficult parts. He was simple and sincere, and he avoided with intelligence and discretion the many melodramatic pitfalls that lay close at hand. He showed great command of facial expression, and he used both his supple body and his fine, strong hands with a keen sense of their value to an actor. At times he reminded one vaguely of Henry Irving, in voice, gesture and walk; these resemblances, however, were not imitations, but rather a natural result of the fact that Mr. Stone is imitative. The audience last night were more than well pleased with the new leading man's work, for they called him many times before the curtain.

Lee Boggs as Dr. Manette, did not resist melodrama, and his over-enthusiasm put him out of key more than once during the evening. Gerald Harcourt's Vicomte de St. Evremonte, on the other hand, was rather colorless—and Mr. Harcourt certainly does not know how to make love, at yet. Margaret Langham was a very sweet and charming Lucie Manette, giving the part many a delicate and touching touch. Amelia Gardner's Minnie was also a lovely and gentle creature, but a very bad one. Some of the parts that Miss Gardner assumed were like old pictures of madonnas and martyrs. They were pathetically beautiful. The most—best we shall know the hideous realism of Mr. Barnum's mobs.

ORPHEUM. Ben Welch is the most versatile dialect comedian who has ever visited the Orpheum, for his work includes a mastery of two absolutely different subjects—the subject of Chicago, and the organ grinder as he is found in his simplest state. Welch's Jew is best, for it is absolutely human; no make-believe, no grotesque distortions of face or figure; merely humor is a natural.

Edison Brothers, musical performers, are melodious clowns after the manner of Perry Curvey, who delighted Orpheum audiences here several months ago. They are possessed of much artistic sense, and their performances, couched in antic comedy, are nevertheless full of genuine sentimental expression.

Max Hildebrandt, a German comedian, promises well and acts tamely. His entrance, in the uniform of a cavalry band leader, and mounted on a glimmering charger propelled by his own legs, is full of humor, but his laughable horseplay. His further expression consists merely of German monologues, perhaps interesting, but quite unintelligible to those who are not Teutonic. The Salvage, "whirlwind" dancers, do an acrobatic terpsichorean stunt full of graceful figures.

Principal holdovers are Margaret Wycherly and Theresa Rens—the one with her short, tragic, many-colored sketch, and the second displaying the beauty and intelligence of her fine Arabian horse.

The Olivers, who continue their music, and Maxine Remington with her black youngsters, further her appeal to the gallery. The evening's motion pictures ring down the final curtain.

BURBANK. The second and last week of "Tribby" was inaugurated at the Burbank Theatre on Sunday night. Miss Van Buren's Tribby, together with Gladys's Sweeney, Bernard's Laird, Greenleaf's Tuffy and McWayner's "Little Billee," have proven great cards for popular favor.

Miss Van Buren's last week will commence next Friday, in a revival of "Janice Meredith."

GRAND OPERAHOUSE. "The Black Hand," an Impressionist's mixture of ordinary farce-comedy, sentimental love scenes and thrilling negro voodooism, is revived at the Grand Opera House—and the bill might as well add the stock phrase, "By popular demand," for the piece was and is a religious favorite with the mystery-lovers in the gallery.

As a melodrama "The Black Hand" has a good many points to recommend it in advance of the ordinary melodrama, for several of its scenes are unusual, and there are some new elements introduced into the plot.

Love and righted wrongs make the chief interest in plays of this kind, however, and certain lack of realism and absence of plot are not noticed in the excitement that precedes the denouement.

The play is well staged, and in the main is creditably acted by the Ulrich company.

HOTCHKISS. The Hotchkiss Theatre gave a first performance of the farce-comedy "Inco" last night. Further notice will be given in tomorrow's Times.

The West failed to perceive Florence Roberts's prurient play, "The Strength of the Weak," and Los Angeles was especially condemnatory.

However, the play, such as it was, had some elements of interest, and Miss Roberts made a financial success of it there in the spring, and has just called Broadway rehearsals of her company for another run.

Hugo Goetzlitz, who spent a lot of time and some money in Los Angeles last winter, in the interests of his star, Kubelik, has just brought suit against the celebrated little violinist for \$15,000, alleging breach of contract.

JUVENILE GANG ROUNDED UP.

Emulators of Jesse James Confess Plan to Helterton Pa. Chief of Police.

(BY THE ASSOCIATED PRESS—A.M.) EASTON (Pa.) Sept. 17.—Two members of the "Jesse James, Jr. gang" of Helterton, which had planned, among other crimes, to wreck a train, burn a mill and blow up a hall, today pleaded guilty to the robbery of books and other things from the public school buildings at that place and were sent to the House of Refuge.

They were William Bast, 15 years old, who was captain of the gang, and Floyd Ertwein, 16 years old.

Chief of Police Simpser testified that "Capt." Bast had confessed after his arrest that each member of the gang had taken oath before he was admitted to membership. The oath, administered by the captain while the candidate for membership had his hand resting on a skull that had been stolen, is as follows:

"I swear on this skull, the emblem of death, to be true to the black flag under which I have enlisted. I will be faithful and true to my comrades in all action and I will obey the commands of my captain. Father or mother, wife or child shall not be sacred in my eyes if duty demands their death. If I fall in any of these things may I be killed and my bones left to bleach like this skull I now grasp. This is my oath."
